Help us expand our school to reach more students!

We are still raising money toward the addition of 2 new classrooms at the HMCHA school. Our goal is to raise \$25,000. Two new classrooms will allow us to expand our school from K - 4 to K - 6, keeping our kids in our high-quality HMCHA school for 2 more years before they must return to the government sponsored schools..

Education is the best way for rural Ethiopian children living in the HMCHA service area to achieve a brighter future of hope and to be lifted out of poverty.

Help us grow our success by being able to reach and teach more students!

You can donate any amount, but if you'd like to dedicate a specific amount toward building materials, here's a handy breakdown:

- o \$50 buys 5 bags of concrete
- o \$100 buys a window
- o \$250 buys a door
- o \$500 buys electricity for one room
